Why chiropractic? People visit Chiropractors for a variety of reasons. Some seek *symptomatic relief* of pain or discomfort (Relief Care). Others are interested in having the *cause* of the problem as well as the symptoms *corrected and relieved* (Corrective Care). Still others want whatever is malfunctioning in their bodies brought to the *highest state of health possible* with Chiropractic Care (Comprehensive Care). Your Doctor will weigh your needs and desires when recommending your treatment program.

Please check the type of care desired so that we may be guided by your wishes whenever possible:

☐ *Relief Care* ☐ *Corrective Care* ☐ *Comprehensive Care*

☐ *I would like the Doctor to select the type of care most appropriate for me.*

Financial Policy and Corrective Care Plans

We are committed to providing you with the best chiropractic care possible in a caring environment and have established our financial policies to achieve that goal. These corrective care plans are designed to be the most cost effective way to keep you and your family as healthy as possible. Details of these plans will be discussed with you during your Chiropractic Report.

 Health Insurance: If you have insurance that covers chiropractic, we will file all of the information for you. This includes your diagnosis, prognosis, and copies of your records or report. Remember your agreement with your insurance company is between you and them. **If for some reason your insurance does not pay what we expect, you will be responsible for the balance. We file your insurance only as a courtesy for you. We will discuss this option with you during your Chiropractic Report.**

If you choose to use insurance for a special situation, such as an auto insurance accident or workers compensation injury, your normal insurance or your monthly or annual fee will be "frozen" until such claim is closed. We will then continue on the corrective plan we have chosen for you at that time.

I have read and I understand the above policies.

For your security and right to privacy, all staff has been trained in the area of patient record privacy and a privacy official has been designated to enforce those procedures in our office.. We have taken all precautions that re known by this office to assure that your records are not readily available to those who do not need them.
Patients have the right to file a formal complaint with our privacy official about any possible violations of these policies and procedures.
If the patient refuses to sign this consent for the purpose of treatment, payment and health care operations, the chiropractic physician has the right to refuse to give care.
